

AQUATIC WEEDS

Town Hall in Discovery Bay

Saturday, April 9th

1:00 p.m.

Discovery Bay Elementary Gym

1700 Willow Lake Road, Discovery Bay

Facts:

Egeriadensa

Egeriadensa (Brazilian waterweed) is a shallow-water submerged aquatic plant that was introduced into the Delta roughly 40 years ago.

It is a popular aquarium plant, which may be how it entered the Delta.

Water Hyacinth

Water Hyacinth is an attractive floating aquatic plant with shiny leaves and delicate lavender flowers.

Do Aquatic Weeds Infiltrate Your Backyard?

Supervisor Mary Nejedly Piepho called together the Department of Boating and Waterways, Federal, State and local representatives to address these invasive local weeds that are affecting all areas of the Delta.

Come meet your representatives on April 9th to hear about short-term actions and long-term strategies to address these invasive weeds.

Alternate Time & Location

9:00 a.m.
